**SUMMARY:**

- Former teacher seeking a job in the software engineering field.
- Currently completing a Software Engineering bootcamp through Rithm School, one of the premier programs in the United States.
- Having lived and worked in South Korea, Brazil, Austria, Germany, as well as my home country, the United States, I am very comfortable in adapting to new environments quickly and efficiently.

**Work Experience**

**Newcomer Program Coordinator**

*PS 89 Elmhurst*

*November 2021 – December 2022*

*Elmhurst, New York*

- Designed and implemented a curriculum to be used for our school's large newcomer population. PS89 Elmhurst has the largest ELL population of any elementary school in New York City. With 40+ new students coming yearly, I created and ran a Newcomer Program, where students were pulled out of the classroom and worked in small groups on both academic and social-emotional learning based projects.

**3rd-5th Grade ENL Teacher**

*PS 89 Elmhurst*

*September 2019 – Present*

*Elmhurst, New York*

- Currently working as a 3rd grade ENL teacher at PS89, where I work with general education classes in addition to my newcomer students.
- Helped to develop the “Around the World” curriculum for the 3rd grade ENL team to use, ensuring that it met the needs of all ENL students.
- Gained school-wide access for and implemented the “Kids Discover” online learning platform for PS89, an ELA, science, and social studies program that has been utilized by teachers at PS89 during the Coronavirus pandemic.
- Received an average rating of “Effective to Highly Effective” across observations in the 2019-2021 school years.
- Due to the Coronavirus pandemic, transitioned to Google Classroom and designed differentiated lesson plans for students of all levels, providing feedback for students and parents on a daily basis dependent on individual need.
- Prepared lesson plans on a daily basis for classes with students of varying skill levels, emphasizing differentiation in my planning to serve every child.
- Adapted lessons, unit plans, and activities for students with individualized IEP’s, ensuring they could succeed with the help of scaffolds.

**EDUCATION:**

*Expected: June 2023*      **Rithm School, San Francisco, CA**  
Certificate of Completion in Full Stack Software Engineering

*May 2021*      **Hunter College, New York, NY**  
Masters of Arts in Teaching English to Speakers of Other Languages  
GPA: 3.9

*December 2013*      **University of Rhode Island, Kingston, RI**  
Bachelor of Arts in Political Science

**SKILLS:**

- High-level typist skills in excess of 90 WPM.
- Intermediate Portuguese speaking/reading skills.
